Little League Tournament Play To Commence Saturday

First Game at Wilmington

The Little League National Tournament Play starts Saturday, when picked teams from each Little League, in the United States, will play against other teams in an Elimination Tournament, to decide the championship of the United States and Canada. The games are arranged in a series of "Rounds," in which winners of previous games face new opponents. The "Rounds" are about two days apart.

Twenty six of the twenty seven teams in District 3, of Greater Boston, (of which Wilmington is one team) will be playing next Saturday. The 27th team, Billerica, drew a "bye" and will not start play until the Second Round, July 26th.

Wilmington's Tournament Team will face the Tournament Team of Burlington, on the Wilmington field, on Saturday, in a game that is scheduled for 2 p.m. At the same time other Tournament teams will be playing in other towns, Tewksbury, for instance, facing Chelmsford, and the Woburn Nationals facing the Woburn Americans.

The winner of the Wilmington-Burlington tilt will face the winner of the Woburn-Woburn match, next Tuesday, July 26th, in a game at Burlington, starting at 5:30 p.m. Thus it is possible that Woburn and Wilmington will play each other in Burlington.

The sites for Rounds 3, 4, and 5 have not been announced. The date for Round 3 will be July 28, Round 4—July 30th., and Round 5 — August 3rd. The winner of round 5 will play in the Woburn Tournament, for the New England, Maritime Provinces and Quebec Championship, and the winner of the Woburn Tournament will go on to Williamsport, Pennsylvania, for the National Championship games.

Players in Wilmington's Tournament Team, as announced by Wilmington Little League officials are Peter Sciascia, John McCabe and Kevin Field from the Tigers, Guy Micallizzi, James Melzar, Edward Palino and Paul Kierstead from the Red Sox, Harold Browne, Richard Mottola, and Robert Ahearn from the Indians, and William Hunnefeld, Richard Her-som and Larry Frost, from the Yankees. All the players are in the 11-12 year old class.

JOSEPH T. KELLEY

Joseph T. Kelley, believed to be the last surviving veteran of the Spanish American War, in Wilmington, died at his home on July 18th., at the age of 72 years. He was also the first Commander of the Nee Ellsworth Post 2458, Veterans of Foreign Wars. Mr. Kelley had been in ill health for a long time. He was a disabled veteran, as a re-

MR. AND MRS. GEORGE ENGLAND, 55 YEARS MARRIED, WITH YOUNGEST GREAT GRANDCHILD, STEPHEN RUSSELL HUGHES, 10 DAYS OLD.

SURPRISE PARTY CELEBRATES 55th ANNIVERSARY

Mr. and Mrs. George England, 45 Main street, were tendered a surprise party, Sunday, on the occasion of the 55th Anniversary, and, at the same time, of Mr. England's 80th birthday. Thirty-two guests were present at the Silver Lake home of the couple, who were married in Brighton on July 18, 1900.

George England was born in Prince Edward Island on July 18, 1875, and has been a resident of the United States since he was 17 years old. His parents, Mr. and Mrs. Robert England lived to celebrate their 60th Anniversary.

sult of his war experiences.

Born in Boston, he is survived by his wife, Elizabeth (Hickey) Kelley, two daughters, Mrs. Mary I. Farrar of West-Somerville, and Mrs. Margaret E. Sweeney of Ashland, four sons Edward F. of Tewksbury, John of Methuen, and Joseph S. and Arthur J. of Wilmington, and 16 grandchildren. He is also survived by a brother, Bernard, of Medford.

Mr. Kelley was a member of the Lowell Lodge of the Elks.

Funeral services will be held from his late residence, 39 Shawshen Avenue, at 8:15 a.m. tomorrow, with a Solemn High Mass of Requiem in St. Thomas Church at 9 a.m. Funeral arrangements are in charge of the W. S. Cavanaugh Funeral Home.

FOR SALE

One stainless steel sink, plus cabinets \$90. 9 cu. ft refrigerator, \$100. 1 G.E. electric stove, \$75. Call GL 3-8500 or see Robert A. Hunter, 963 North St. North Tewksbury.

J-20-21

Still active and spry, he goes to work every day, in the company which he founded, the G. R. England Company of Greenwood, manufacturers and cabinet makers.

Mrs. England, born Sadie McLaine, is from the state of Maine, and was educated in the schools of Augusta. She married when she was 19 years old, and still active, doing all her own housework.

The couple have five children, Mrs. Edna Hughes of Melrose; Mrs. Doris Ryerson of Salem; Mrs. Thelma Thyson of Medford; Mrs. Greta-Frederick of Florida and Lawrence Russell Eng-

land, of Winchester. There are 12 grandchildren, and 4 great-grandchildren.

The England's lived for over 40 years in Medford, and sold their home to move to Florida. Not finding Florida congenial, they moved to Wilmington four years ago. Mr. England has liked Wilmington from the very start, but Mrs. England found that it took time to like her new home. She finds it very nice now, though.

He is a 40 year member of the Mt. Hermon Lodge, AF&AM, and she is a 40 year member of the Royal Chapter of the Order of the Eastern Star.

PONY LEAGUE ALL STARS TO PLAY NORTH READING THURSDAY

Wilmington's Pony League is to have a game with North Reading's Pony League All Stars, in North Reading, tomorrow morning, at 9. There is also a tentative game for Friday, against Tewksbury, with return matches being scheduled.

Playing for the Wilmington All-Stars are Ed Sawyer, J. Deegan, R. Weed, R.

Bankin, R. Cornish, W. Ethier, E. Coste, A. Penny, Sal De Pasquale, C. Fuller, W. McFeeters, R. Ethier, R. Hoban and P. Kavanaugh.

WATER MAINS LAID ON BIRCHWOOD ROAD

2200 feet of water mains, on Birchwood Road, have been completed by the Water Department, this week, in compliance with the Town Vote, in the annual Town Meeting.

SELECTMEN TO DECLARE HOLIDAY FOR WILMINGTON'S 225TH BIRTHDAY

The Wilmington Board of

Selectmen have decided to declare an official holiday, in observance of the 225th birthday of the Town of Wilmington, on September 25th. The decision was made Monday night, in the Selectmen's meeting, with invitations to be mailed to Governor Herter, Lt. Governor Sumner Whittier, and Mrs. Edith Nourse Rogers, member of Congress. Town Manager Joseph Courtney was delegated by the Selectmen to prepare suggestions for the observance of the holiday, which has already been set aside by the Rotary Club of Wilmington for a holiday carnival.

Members of Wilmington's Veteran's Organizations, and other organizations in town are to be invited to participate in the events of the 225th birthday.

The vote of the Selectmen was on a motion by E. Hayward Bliss, of Glen road.

WHEN IS A STRAIGHT LINE NOT STRAIGHT?

When is a straight line not straight? The answer, in Wilmington, today, is when it happens to be a Town Boundary, laid out in 1730.

The firm of Wright and Pierce, who are making an aerial survey of the Town of Wilmington have discovered that the straight line, from the Ipswich River to Salem Street, of the Town's bounds, is not straight. It has been known for the past 20 years that the line was not properly located at Concord Street, but indications from the work of surveying now show that the line is not properly located at Park Street, too.

Dana Perkins, Civil Engineer, discovered about 20 years ago that a house which had always been believed to be in Wilmington was in North Reading. The house is on Concord Street. The changes which may result as a result of the seeming discrepancies on Park Street will not be as great as the Concord street case, according to present indications. Members of the firm of Wright & Pierce say that "only a few feet is involved".

FOR RENT

Water front room - by day or week. Two room kitchenette. Mrs. Stowers, 11 Lake St., Wilmington.

THE SELECTMEN'S MEETING

The threatened trouble, at Grove Avenue, has been all cleared up. The Board of Selectmen met with Thomas McQuaid, of Grove Ave., Monday night, and when the discussion was finished everybody was happy. Mr. McQuaid is the operator of a boat-livery for which the Selectmen had threatened to revoke the license.

Selectman DeFelice related how he had inspected the premises, and a parking lot adjoining, last Sunday, first alone, and then in the company of Mrs. Drew, Chairman of the Board. DeFelice paid high credit to the beach and area, and declared that it was a credit to the town. "Baby Beach" as it is known, was stated by DeFelice to be the cleanest and safest place at the lake, and he compared it to the area around the Town Beach, saying that the latter was a disgrace. The tall weeds, a broken fence gate, through which grass one foot high was growing, and cinders in the parking lot drew derisive comment from DeFelice, and a suggestion by Selectman E. Hayward Bliss that the Town Manager take steps to determine the responsibility of the care of the Town Beach area.

DeFelice declared that he had found no congestion near the parking lot, and that if anybody else called him, to say there was, he would tell the person to go jump in the lake. He had tried parking, along the road, on two occasions, and each time had been requested to move within 30 seconds, by a boy in the employ of Mr. McQuaid. He thought that the 14 boats, which Mr. McQuaid has for rental purposes were a definite asset, for potential life saving.

McQuaid told the Selectmen that the weekend of July 4th may have been congested, because he was away, but on other occasions he kept very strict control. He proposed to erect a barricade, which would be portable, and would be placed in position every night at 9, to prevent late parking, a suggestion which met the approval of the Board. McQuaid told the Board that he "allowed no rough stuff" and that he often cleaned up broken glass from adjacent to his own, to make sure

TOWN NOTES

WEATHER

Hot. We had a couple of days that were cool, but the main subject of conversation, these days, is the heat. Temperatures of 90 to 95 in the shade are common, these days.

There was only .15 inches of rain, during the week which ended last Sunday. There was .04 inches, with a thunderstorm, on the 11th., and on the 16th there was another thunder-shower, with .11 inches.

FISHING

Tobias (Toby) White, on Pinewood road, (off Brentwood) is probably the number one sports fisherman of Wilmington. Toby would rather fish than eat. He had a very good day, at Plum Island, last Friday—came home with 35 mackerel.

The boys are still getting trout from the Wilmington streams, with the pool near the North Wilmington Postoffice being the best spot. Half-a-dozen finny denizens of the deep were taken from this pool in the past week, all on

WORMS.

NO. READING WATER

We are told (without confirmation) that the Town of No. Reading is getting into a desperate situation, with regards to water. According to our source of information (and he should know) No. Reading has restricted Building Permits, and is allowing no more building at the present time.

No. Reading has a well, which produces about 250 thousand gallons of water a day, and it buys water from Wilmington, but the contract with Wilmington will be up next year for renewal. Wilmington's water situation is bad too, and the No. Reading officials are evidently afraid (if our news source is correct) that the Wilmington-No. Reading water contract will not be renewed.

Water sprinkling, in No. Reading has been restricted to persons who will stand out on their lawns and use a hand hose. No automatic sprinklers are allowed. The hours are the same as ours, 5 p.m. to 8 p.m.

THE

TOWN SEAL AGAIN

One thing that makes us very unhappy, as many of our readers know, is the desecration of the Wilmington Town Seal, as it appears on the various vehicles of Wilmington. One person has compared the "Whitefield Elm" as it appears on these plaques, to a blueberry bush. Our own impression is that it appears to look more like a Beech tree. It certainly does not resemble the Whitefield Elm, as it appears on the Wilmington Town Seal.

We bring up the subject, because the Water Dept. saved themselves about \$35 when they recently "made" a dump truck, for their department. The department did a wonderful

job, with second hand materials, and made a highly efficient dump truck for the cost of about \$300. Then they found that they could save \$35 more if they didn't have the rubber "splashguards" which all trucks are required to have, if they are not equipped with mudguards. A truck, which is owned by a municipality, or the state, is not required to have these guards, so the Water Dept. put the "Blueberry Bush" on the sides of the new truck, and saved themselves the \$35.

THE POPULATION OF WILMINGTON

There was an interesting article in the Boston Globe, Sunday, which was discussing a new proposed route, similar to Route 128, but further from Boston. As it is planned, (and it is extremely "iffy" now), it will run from Billerica Center down Shawsheen avenue to Wilmington, and then up Middlesex avenue to No. Reading. It will be called, if it becomes a reality, the "Massachusetts Bay Circuit," starting in Marshfield, and going around Boston at a distance by approximately 17 miles, to Ipswich. The route, at the present stage of thinking, will merely be "improvements" on the present roads, State and Chapter 90, and not a "double barreled" highway.

What interested us more than the tentative plans was a sketch showing the density of population. Areas in black represented a population of over 400 persons per square mile, in gray 200 to 400, and white less than 200. Wilmington, on the map, was shown in grey, and white, but no black.

It just got our curiosity, so we divided the population (9,600) by the area (17.4 square miles). Our answer was 552 person per square mile. In other words, the map should have been all black!

The real stinger, however, is the fact that so much of Wilmington's land is not populated. Well over 50 percent of the land in this town is not suitable for habitation, which means that where there are people the density is over 1000 to the square mile!

LITTLE LEAGUE PLAYOFFS IN WOBURN

The Woburn Little League Baseball Field will again be the scene of Regional Playoffs, in the Little League. Starting on August 13th, the top teams in Little League, from Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, Quebec, and the Maritime Provinces of Canada will be represented in the annual Region One, Little League Championship, in Woburn. The Tournament will last until August 15.

In preparation for the Regional wind-up district and sectional playoffs will be held throughout the area, starting late in July, and concluding by August 11th., in time for the Woburn Playoffs. The Greater Boston Sectional Tournament will be played in Danvers.

Peter J. McGovern, presi-

dent of the Little League, Inc., has named Edward Steitz, of Woburn as regional director, and Robert Vary, Sports Editor of the Woburn Times, as his assistant director, for the playoffs.

LETTER TO THE EDITOR

Dear Editor:

I received the Wilmington Crusader, Saturday. It was addressed wrong though I've been transferred from Camp LeJeune. My new address is: Pfc. Warren Reed, Jr., 1383026, Mess Hall, H&S Co., Basic Schools, Camp Upshur, M. C.S., Quantico, Virginia.

I am on mess duty for sixty days feeding newly commissioned Lieutenants.

I'd like to thank every one responsible for sending the Crusader to the boys in the service. I think it makes all of us feel better to know that someone else is home thinking of us. I'm really pleased to be getting the paper. I hope you will continue sending it. Thanks again.

Yours truly,
Warren Reed, Jr.

THE HARRISONS ON WAY TO NEW YORK

Mr. and Mrs. Winston L. Harrison and son Richard are planning a vacation trip to New York City, where they will attend an assembly of Jehovah's Witnesses. This is one of a series of eleven conventions being arranged on this continent and in Europe. The Harrisons expect to leave Tuesday, July 19, by car. They will be traveling with Mr. and Mrs. Charles J. Clark and their daughter, Nancy, of Lowell. A total of about 100 is expected to attend from the Lowell Congregation.

The eleven cities chosen

**PHOTOGRAPHY
MAGAZINE SPONSORING
PHOTO CONTEST**

Three camera world greats will serve as judges in the Massachusetts photographic contest now underway. It is announced by Commissioner Richard Preston of the State Department of Commerce.

Bruce Downes, editor of Photography Magazine; Jacob Deschin, camera editor of the New York Times, and Joseph Costa, chief of photography for King Features, have accepted invitations to

serve as judges and will select the prize winners in the competition for \$5700 in prizes sponsored by the Advertising Club of Boston. The Carling Brewing Company has provided a grant for the awards.

All prize-winning photographs will become the property of the Massachusetts Department of Commerce and will be used in the State's promotional campaigns. The contest is open to all amateurs, professionals, news cameramen—in fact, everyone who enjoys snapping a shutter.

Costa, Deschin and Downes are three of the outstanding figures in the American photographic world and widely recognized for their discerning and sound critical judgement. They have often served as arbiters in camera contests, and their willingness to judge the Massachusetts competition in itself gives the con-

test standing of the first order.

Entry blanks for the contest, which will run through November 15, may be obtained in any camera shop in the State or by writing to the Massachusetts Department of Commerce, 334 Boylston Street, Boston. All pictures must be taken in Massachusetts, with top prizes of \$1000 in bonds being offered for the best black and white and color shots. In all, nearly 500 prizes will be awarded.

**HE CLEANED UP
THE RUBBISH**

A Roxbury man, seeking a place to dispose of rubbish, chose Salem Street, North Wilmington for a convenient spot, last Sunday. The rubbish was found by the roadside, by Officers Charles Dolan, and Leo Markey of the Wilmington Police. The Boston police department contacted the Roxbury man, who came out to Wilmington, and cleaned up the rubbish.

**MINOR DAMAGE IN
AUTO ACCIDENT**

Two cars, both headed west, involved in an accident at Lowell Street and Woburn Street, at 11:15 a.m. July 18th, had but minor damage, and there were no personal injuries.

The Wilmington Police identified the drivers as Mrs. Frances Gray, 49 Clark Street, and Francis A. Crispo, Shawsheen Avenue, both of Wilmington.

**DONALD GOLDSWORTHY
AT FORT BELVOIR**

Donald Goldsworthy, Church Street, is now at Fort Belvoir, Virginia. His address is Donald Goldsworthy, RA 12462442, Co. N, 9829th TUCE, Fort Belvoir, Va.

**VANDALISM IN
NORTH WILMINGTON**

Vandalism, believed to have been caused by small boys, has been reported on two occasions, during the past week, by the developer of "Hathaway Acres", in North Wilmington. Cement blocks and clay pipes are being broken in the evening, after the workmen on the project have left for the day.

**POLICE STOP
SHOOTING MATCH**

Three youths, from Medford, Somerville and Arlington, were stopped by the Wilmington Police, on July 16th, in the middle of a shooting match, in a gravel pit, on Lower Main Street. Officer Ellsworth, of the Wilmington Police, informed the youths that Wilmington is now closed to all shooting.

**NO STICKER CASES
FILED IN WOBURN
COURT**

Two men, found guilty of operating cars with no stickers, were found guilty, and had their cases filed, in Woburn Court, on July 14th. Robert W. Jameson, 41 McClaren Road, Tewksbury, and John A. Quinlan, 19 Vassar Street, Medford, had both been arrested by Officers Imbimbo and Sheppard of the Wilmington Police.

**PEDESTRIAN INJURED
NEAR SILVER LAKE**

Patrick F. Markey, 3-Brand Avenue, suffered injury to his elbow, in a pedestrian-auto accident on Main Street, near Veranda Avenue, on July 14th, about 6:30 p.m. Frederick E. Mello, 828 Shawsheen Road, Tewksbury, told the Wilmington police that he had stopped, and was backing his car, when the accident

occurred. He took Markey to Dr. Fagan's office for treatment.

Investigating the case was Officer Leo Markey, of the Wilmington Police, son of the injured man.

**VANDALISM AT
"PORTABLE SCHOOL"
AT SILVER LAKE**

Vandals, believed to have been children, broke into the "Portable School" at Silver Lake, during the night of July 15-16, and broke several light globes and panes of glass.

**POLICE CRUISER
ASSISTS IN EMERGENCY**

Stephen Thomas, 16 months old, son of Mr. and Mrs. Vito Thomas of Gowing Rd., was rushed to St. John's Hospital, in Lowell, at 7:45 p.m. on July 16th, suffering with convulsions. Officers Markey and Imbimbo drove the child to Lowell.

THE SELECTMEN'S MEETING

cont. from page 1
 that bathing was safe near
 Baby Beach. His boat rent-
 ing was for persons over 16
 years old, although he ad-
 mitted that there were
 times when he discovered
 that one person would rent
 a boat, and then row to
 some other portion of the
 lake to take on younger
 companions. When such
 things were discovered they
 were immediately stopped.
 McQuaid said.

Selectman E. Hayward
 Bliss told McQuaid that "if
 you need any help call the
 police". "We don't want to
 stop your operations - we
 depend on you. You are up
 there, and we are not!"

Chapter 90 Contract
 Signed by the Board was
 a contract with the State
 of Massachusetts for Chap-
 ter 90 Maintenance of
 roads, in 1955. \$10,500 is
 to be spent on Burlington
 Avenue (1500 feet), Lowell
 Street (5100 feet) Middle-
 sex Avenue (1500 feet) and
 Shawheen Avenue (2000
 feet).

Chapter 90 Construction
 Town Manager Joseph
 Courtney told the board
 that the Chapter 90 Con-
 struction this year, will pro-

bably be the area between
 the Tewksbury line and the
 railroad, on Salem Street.
 He would have liked to do
 some other places, but the
 State felt that Salem Street
 was the first choice, at this
 time.

Perambulation

A letter was received from
 John D. Sullivan, Chairman
 of the Tewksbury Board of
 Selectmen, suggesting that
 the Wilmington Selectmen
 set a date for "perambulat-
 ing" the town line, between
 the two towns. The Wil-
 mington board suggested
 Sept. 17th as the date in
 which the two boards would
 inspect all common bound-
 aries between the two towns.

Rezoning

The board set next Mon-
 day, at 9 p.m., for the time
 for a conference with Pro-
 fessor William Goodwin, of
 Harvard. Professor Good-
 win has completed a pro-
 posed Zoning Map of Wil-
 mington, and wishes to dis-
 cuss it with the Board.

Bond Sales

Town Manager Joseph
 Courtney exhibited the Pro-
 posal for Sale of Bonds,
 prepared by the First Na-
 tional Bank of Boston, for
 sale of bonds on August 1st.
 \$600 thousand in bonds will
 be sold at that time, to the
 highest bidder, by the Town
 Treasurer, Mrs. Grace Til-
 ley. There will be a further
 sale of bonds, from the same
 authorized issue, at a later
 date, the prospectus stated.
 The prospectus stated that
 Moody's rating for the Town
 of Wilmington was "A".

Personnel Advisory

TM Courtney told the
 board that he has appointed
 Stanley Webber, Frank
 Stevens, Gilbert Wozney
 and Mrs. Doris Cady to a
 Personnel Advisory Com-
 mittee. The committee will
 be asked to work out a
 Classification Plan, Com-
 pensation Plan, Personnel
 By Law and a system of Re-
 cords and Procedures, for a
 personnel program for
 Wilmington. Courtney de-
 scribed the present system
 as "greatly hampered" and
 said that this work was of
 the "highest priority".

Silver Lake Bathhouse
 Courtney told the Board
 that the Silver Lake Bath-
 house would be finished this
 week, with toilets and show-
 ers to be installed for both
 men and women.

TM's Report

Fire Alarm System
 Courtney told the Select-
 men that he is soliciting pre-
 liminary quotations for ex-
 tension of the fire alarm
 system (1) into the High
 School Building Project, and
 (2) into the town generally
 afterwards.

Industrial Development Corp.

Courtney suggested the
 incorporation of an Indus-
 trial Development Corpora-
 tion, for Wilmington, as a

means of getting further in-
 dustry into Wilmington.
 His proposal received the
 tentative approval of the
 Board. He told the Board
 that he and Town Counsel
 Phillip Buzzell had been
 talking about such a pro-
 ject for several months, and
 that Mr. Buzzell was quite
 enthusiastic about it. He
 will report further, in about
 two weeks.

Welfare Agent

Walter G. Buckle, Wel-

fare Agent, has been given
 a further leave of absence,
 for 6 months, because of
 reasons of health. Courtney
 told the board.

Town Common

Plans are being made for
 the improvement of the
 Town Common. George Win-
 ters, Town Engineer, will be
 asked to draw up plans for
 regular walks, on the com-
 mon, when he has an oppor-
 tunity, and it is hoped that
 loam can be placed else-

where, for grass.

The Town Accountant has
 reported to Courtney that
 there is a sum of \$43.18 in
 accumulated interest, from
 a sum of \$200 set aside
 under a will to care for the
 common "in the vicinity of
 the flagpole".

Selectman Bliss suggested
 that the money could be us-
 ed for painting the flagpole.

Water Bills

The plant formerly operat-
 ed by General Foods, known

as the "Jack and Jill" place,
 and now being operated by
 a new concern, is now being
 billed at wholesale water
 rates, for water they are
 using, the TM reported.

(Under the original agree-
 ment with the General
 Foods, the plant was to get
 water until 1957, in con-
 sideration for installing wa-
 ter mains, and a water
 pump, for the Water De-
 partment, but this agree-
 ment expired with the sale

MRS. JOSEPH GILLIGAN
(Photo Sargent Studio - Boston)

**MISS PATRICIA TIGHE
BECOMES BRIDE OF
JAMES GILLIGAN, JR.**

Miss Patricia Ann Tighe, daughter of Mr. and Mrs. E. H. Lawson, 263 Middlesex Ave., North Wilmington, became the bride of James Joseph Gilligan, Jr. at a 10 o'clock Nuptial Mass at St. Thomas of Villanova Church, on Saturday, June 25th. Mr. Gilligan is the son of Mrs. Mary E. Gilligan

of 83 Burnap St., Wilmington, by her brother, James D. Tighe, and given in marriage by her father E. H. Lawson, the bride wore a white gown with a long train and a full skirt. The ceremony was "Ave taffeta and lace bodice with Maria". "The Bride's Pray-a front skirt panel of lace er". "Mother at Thy Feetover silk taffeta skirt with is Kneeling", and "O Lord, silk taffeta bustle. A Finger-I am Not Worthy". The tip veil of imported silk net altar was adorned with a pearl crown accent-white gladioli. The bride carried a cascade

bouquet of white roses, stephanotis and green ivy.

Maid of honor for her sister was Mrs. Vincent J. Dieball of Athens, Georgia, who wore a pale shrimp waltz length gown of nylon tricot with shirred bodice and full skirt. The bridesmaids were Mrs. James D. Tighe, the bride's sister-in-law, Miss Phyllis O'Leary, a friend of the bride, and Miss Eleanor Young, sister of the bride, acted as Jr. bridesmaid. The bridesmaids wore dresses of the same style, in aqua, while the junior bridesmaid was encased in a ballet-length aqua shirred dress with a bertha collar and full skirt. The maid of honor carried a bouquet of Havana roses. The bridesmaids carried cascades of yellow roses.

The reception was held at the Suntaug Inn, Lynnfield, with Miss Dorothy Richard in charge of the guest book.

The mother of the bride wore a powder blue street length dress with navy with white accessories and yellow tea roses. The mother of the groom was dressed in a navy blue street dress, with pink accessories and pink flowers.

A summer suit of pale rose with white lace collar, a rose hat and patent leather handbag and shoes constituted the going away assemblage of the bride. The couple honeymooned at Nantucket Island. They plan to reside in Wilmington.

Educated in Wilmington schools, the bride also attended the Bryant & Stratton Business School, of Boston.

LOUIS CAPALDO TO FLY HOME FROM JAPAN

Beppu, Japan — Pfc Louis J. Capaldo, Jr., 20, whose wife, Betty, lives at 17 Belmont avenue, Wilmington, is scheduled to fly in mid-July from Japan to Fort Bragg, N.C., with the 187th Airborne Regimental Combat Team as part of Operation Gyros-

cope, the Army's new unit rotation plan.

Giant C-124 Globemasters are being used in the 12,000 mile project in which the 187th is being replaced in the Far East by the 508th ARCT. The operation is the first large scale air transfer of units in the history of the Army.

Capaldo, whose parents live at 15 Parker street,

Wilmington, is a machine gunner in the 178th's Company A. He entered the Army in June 1953 and was assigned to the combat team last August.

RAMBLER'S PITCHER SIGNS UP WITH RED SOX

William Earl Baldwin, better known as Earl Baldwin, versatile pitcher of the Wilmington Ramblers, has signed up with the Red Sox. A former star pitcher on the Wilmington High School baseball squad, he had now been pitcher for the Ramblers, for the past two years, ever since their inception.

EARL BALDWIN

Baldwin, who graduated from Wilmington High school last spring, had an enviable record, on the High School squad. Starting as a pitcher in his freshman year, he had five wins, and no losses. As a sophomore he had five wins, and one loss, and as a junior he had three wins and two losses. He could

not play in his senior year, because of the ineligibility rule.

The son of Mr. and Mrs. William Baldwin of Andover street, he will report for spring training in Florida, next March, and will undoubtedly be sent to one of the farm teams. He will also report, for one week, this fall, at Fenway Park.

Since graduation from High school, Baldwin has been employed with his father, as an iron worker. He has an older brother, Lionel, in the U.S. Air Force, and four younger brothers and sisters.

MARY McGRANE

Miss Mary McGrane, a resident of Wilmington for over 80 years, died on July 18th in a Billerica nursing home. Born in New York, on Dec. 4, 1873, she was the daughter of Peter and Mary McGrane, and she moved to Wilmington with her parents, about 1875, living for many years in the house on "Wood Hill" on Burlington Avenue, today known as "Snug Harbor". Her family were active in Wilmington affairs, and her brother Oliver became the Wilmington Tree Warden, a post he held with distinction for many years.

Miss McGrane became a Hotel Housekeeper, and she alternated between Maine and Florida, as the seasons changed, for many years, working in Poland Springs in the summer, and in Florida in the winter. She retired a few years ago, to make her home with her only sister, Mrs. Ernest Eames of Concord Street.

There will be a Solemn High Mass of Requiem, at St. Thomas Church, at 10 a.m. Thursday, with services one hour earlier at the McMahon Funeral Home, on Middlesex Avenue. Burial will be in the family lot, in Calvary Cemetery, Woburn.

WILLIAM CAMERON AT SEA-BEE SCHOOL

Port Hueneme, Calif. — Graduated from the Driver's School at the Naval Construction Battalion Center here June 10 was William C. Cameron, driver construction apprentice, USN, son of Mrs. Marie E. Cameron of 89 Lake street, Wilmington.

Before entering the service in November 1954 he attended Tewksbury High School, Tewksbury, Mass.

The 13-week course of instruction at the Class "A" School included the operation, maintenance and repair of bulldozers, cranes, ditch diggers and other heavy equipment used by the Sea Bees.

HEAT PUMP

No fire, no fuel storage, no soot, no dirt, no fumes, no delivery problems. All this and heat in the winter, cooling in the summer, and air conditioning the year 'round, is what the heat pump brings to private homes. No fuel is needed, just electric power to drive a compressor.

The cost, according to the General Electric Company, will be about \$2800 to \$3100 for large \$25,000 house covering about 1800 square feet. This compares with about \$2500 for a comparable conventional heating system. Operating costs, according to actual figures, are not too much above conventional systems. We have some for you below.

First of all, Howe High students can tell you that Lord Kelvin, a British physicist, suggested 100 years ago heating homes with a refrigeration system. To heat, the compressor takes air from outside, and raises its temperature by giving it a workout, discharging it into the house. Compressing a gas, which air is, raises its temperature. To cool, the compressor acts like the one in your electric refrigerator, taking the warm air inside the house, and throwing the heat out. All that is needed is the electric power to operate the compressor, and the expanding and contracting gas.

Florida Power Corporation reports 1,074 heat-pump installations already in use in their territory. Down there the heat pump costs lots less than electric heating setups. The bill each year for a seven-room, 2000 square foot home, heating three months, and cooling nine months, is \$266 average.

Coming up nearer North, to New Jersey, the new G.E. unit for our \$25,000 house costs from \$300 to \$320 per year to operate. This compares to running the same house on oil heating for \$180, plus \$70 additional for central air conditioning cost, or \$250.

Considering the advantage, this looks like another TV or other appliance boom. We don't know whether our new high school shop setup includes study of this sort of thing, but it probably will, and in any case, you'll need to know your Physics pretty well, so don't forget that next lesson time.

Doubtlessly, research, volume and competition will reduce prices to direct competition with conventional heating systems. Westinghouse, Typhoon Air, Acme Industries and others are reported, in Gene Smith's article in the New York Times, summarized above, to be in production. Add to this the other fact, recently reported in these columns, that gas and electric costs have only risen about 4% since the war, in contrast to about everything else in the cost of living, and the view is rosy.

HAPPY BUGS FOR HAPPY FARMERS

Some oil men spend their whole day trying to keep bugs happy. These insects include the type that chews up more than \$4 billion worth of farm crops every year. The oil industry scientists, of course, have an

AUTOMATIC DELIVERY

Call . . .

OL 8-2021

WILMINGTON

COAL and OIL CO.

Main Street — Wilmington

Coal - Coke - Burner Service

ulterior motive. They need healthy, happy bugs to serve as "guinea pigs" on which to try out potential chemical insecticides. Oil-based bug killers like aldrin, dieldrin, and endrin have already saved the farmers millions of dollars annually.

Years ago, only about 20 to 30 per cent of the petroleum in a typical oil field could be extracted. Today with modern scientific production practices, these percentages are often doubled.

**THIS is the time
to have your oil burner checked**

The summer months are the best time to give your oil burner a thorough cleaning. We remove soot and carbon from the sides of the boiler and combustion chamber. This assures more efficient burning, more efficient heating for you next winter.

While we're at it, let us fill your tank with Atlantic's famous triple-refined heating oil. A full tank provides summer protection from condensation and the formation of burner-clogging rust particles.

When cold weather rolls around, you'll be mighty glad you called us today!

NEW RATING PROGRAM INITIATED BY ARMY

As previously announced by the Department of the Army, the Army's new non-commissioned officer specialist program went into effect on July 1.

The program provides that noncommissioned officer identification and status be given only to enlisted personnel holding leadership positions. A separate category of enlisted personnel, called specialists, includes those who have technical and administrative skills.

Designed to increase the prestige of the noncommissioned officer by restoring him to his traditional position as the backbone of the Army, the program will also preserve the respect properly due the specialist. Separation of the NCO from the specialist is made in the top four pay grades. On the conversion no one will lose pay.

Effective July 1, titles in the top four enlisted grades are as follows:

Noncommissioned Officer: Master Sergeant, Sergeant 1st Class, Sergeant and Corporal.
Specialists: Master Specialist (MSP), Specialist 1st Class (SP1), Specialist 2nd Class (SP2) and Specialist 3rd Class (SP3).

alist (MSP), Specialist 1st Class (SP1), Specialist 2nd Class (SP2) and Specialist 3rd Class (SP3).

Private and Private First Class ratings remain the same.

New rank insignia will accompany the change for the specialists. The present noncommissioned officer stripes will remain.

MASS. LEADS NATION IN TRAFFIC DEATH RATES

The National Safety Council has just announced its report of motor vehicle operations for the first 5 months of 1955 showing that the Commonwealth of Massachusetts' death rates for the period are 9.4 per 100,000 population - first place in the nation - and 3.3 per 100 million miles of vehicle operation - a second place tie

with Maine - among all states of the Nation.

A comparison of the Massachusetts rates with those of the country as a whole indicate an outstanding achievement in accident prevention programming. On the population basis, the national rate is 22.7 as against 9.4 while the national rate of 6.7 on the mileage basis is more than double that of the 3.3 rate for the Bay State.

The standings of the first ten states follow:

Population: 1. Massachusetts, 9.4; 2. Maine, 10.1; 3. Rhode Island, 10.2; 4. New York, 11.1; 5. Connecticut, 12.9; 6. New Jersey, 13.1; 7. North Dakota, 13.2; 8. Pennsylvania, 13.3; 9. Washington, 14.1 and 10. Vermont 14.3.

Mileage: 1. Rhode Island, 3.2; 2. Massachusetts and Maine 3.3; 4. New Jersey, 3.5; 5. Arkansas and Washington 3.9; 7. Connecticut 4.0; 8. Pennsylvania, 4.2; 9. Colorado and New York, 4.5.

TEEN-AGE DIET

A number of authorities, Secretary of Agriculture Benson among them, have described the teen-age girl as the poorest-fed member of the American family. Dr. Ercel Eppright of Iowa State College recently stated that 50 per cent of these

girls in one group which was studied were on diets which appeared to be grossly inadequate.

This deficiency is not confined to the female sex. Nutritionists have found that male teen-agers, also, are often addicted to inadequate diets. A major lack seems to be meat which, due to its high whole protein content, is one of the foods which do the most to promote and maintain mental and physical health and vigor. Nutritional findings indicate that children from 13 to 19 years of age need from 30 to 50 per cent more of certain vital food nutrients than their fathers and mothers. In acquiring those nutrients, our 16,000,000 teen-agers could profitably increase their annual meat consumption by the huge figure of 992,000,000 pounds - which works out to about 62 pounds apiece.

Educators and others are giving intensive attention to this teen-age problem now which is all to the good. Anything which helps to improve the eating habits of our young people will make an important contribution to the nation's future welfare.

TASTE-RITE DONUT SHOP FINDS SUCCESS IN TEWKSBURY

Mr. and Mrs. G.H. Costa of Tewksbury feel that their donut and sandwich shop on Main Street (Route 38) in Tewksbury has been successful. The couple are formerly of New Bedford. Last fall they opened their present establishment. Their initial purpose was to make

donuts and also just serve coffee, but as time went on they had to install equipment to serve small snacks, such as beef stews, sandwiches, etc.

There is a large variety of delicious donuts that are made fresh daily by Mr. Costa himself. Also an additional lunch bar was installed to take care of the overflow of patrons that drop in there every morning for their coffee and donuts on their way to work. Just as many drop in to buy donuts by the dozen to take home.

For a treat when you are riding along route 38 in Tewksbury drop in and have a cup of their delicious coffee and a couple of donuts. After just one try, the Taste-Rite Donut Shop will add another customer to their large list.

CONGRESSWOMAN EDITH NOURSE ROGERS WISHES GODSPEED TO PRESIDENT EISENHOWER

In an exchange of letters between Congresswoman Edith Nourse Rogers and President Dwight Eisenhower, just before he left for his history making trip to Geneva, the local Representative in Congress wished Ike Godspeed, and God's Blessing, in what she calls the "most strategic conference in our world's history".

The letter, together with President Eisenhower's reply, is printed below:

July 14, 1955
The Honorable
Dwight D. Eisenhower
President of the
United States
The White House
Washington, D. C.
Dear Mr. President:

You are about to engage in one of the great adventures of statesmanship. This great conference "at the summit", as you well know, might be the most important ever engaged in in the history of time. Decisions made and agreements concluded will have a bearing upon the life of every individual in the world. The great civilization man has so far developed upon this earth is now at the crossroads of decision.

Peace and good will among men and nations is so greatly desired by people everywhere in the world, it is utterly silly and unthinkable for man to destroy in a moment that which has required centuries upon centuries to build. No person engaging in this great conference knows these facts better than you.

Today, once again, I visited President Lincoln sitting in his great chair in the

great memorial to his life and all that he stood for. In his great honest face once again I read the meaning of honor, integrity, courage, and character. Again I realized that some leaders of nations in our time do not commit their successors unless the nation is honorable through and through to its core. Authority today somehow does not bind authority tomorrow unless the honor of the people of the nation is committed. This is a most important consideration in this great conference "at the summit". As you so deeply know, Sir, the honor of your great country and mine, from Washington to Lincoln to President Eisenhower, is completely behind you. This is the heart-core of America. It is our strength.

In the distinguished and honorable life you have had as a soldier and a statesman, you know the full meaning of this honor. The honor of this great nation cannot be pledged in agreement with any other nation unless that nation also can pledge the lasting honor of its people. To do otherwise would be to break the faith with hundreds of thousands of men and women of America, some of them having the honor to serve in the fury of combat under your leadership.

As you depart for the most strategic conference in our world's history, I wish you Godspeed, God's direction and God's Blessing.

Very sincerely yours,
Edith Nourse Rogers, M.C.

THE WHITE HOUSE WASHINGTON

July 15, 1955

Dear Mrs. Rogers:

I am deeply touched by your kind letter of July 14 and shall carry in my mind its message as I leave this evening for Geneva. Thank you very much for taking the time to convey this message to me.

With best personal wishes.
Sincerely,
Dwight D. Eisenhower

PUBLIC HEARING

Notice is hereby given that the Commissioner of Public Welfare will give a public hearing at 600 Washington Street, Boston, fifth floor, at 2 P.M. on the 28th day of July 1955 in the matter of the incorporation of The Wilmington Health Clinic Incorporated under the provisions of General Laws, Tercentenary Edition, chapter 180, section 6, as amended.
PATRICK A. TOMPKINS
Commissioner

ed to purchase a Buffalo-Springfield roller, instead of the one that he had named last week. He had changed his mind, he said, after receiving reports of an adverse nature, from Milton, Newton and Wellesley.

Dorchester Ave.

The "rock pile" on Dorchester Avenue, which the town placed there and agreed to cover, is now completely covered. TM Courtney reported.

THOMAS J. BREEN ELECTED COMMANDER OF AMERICAN LEGION POST 136

Thomas J. Breen, 77 Middlesex avenue, has been elected the new Commander of American Legion Post 136. Breen, who has lived in Wilmington for about two and one-half years, is an electronics buyer, for the American Machinery and Foundry Co., in Boston. He served

in the South Pacific, in World War II, with the U.S. Army, and was previously Vice Commander of the Post.

Other officers elected were Vice Commanders James S. Fairweather and Joseph B. Bradley, Adjutant Herbert MacNeil, Finance Officer (for the 36th year) Joseph B. McMahon, Chaplain Lawrence Foley, Sgt.-at-Arms Alexander Fairweather, Historian Henry Bradley, Judge Ad-

vocate Arthur B. Harper, and, on the Executive Board Nicholas DeFelice, Arthur B. Harper, Thomas Ralph Crawford, Charles Dolan, Bernard McMahon and John Murphy.

PLANNING BOARD DISAPPROVES DEVELOPMENT

The Wilmington Planning Board, last night, voted adversely against a proposed development of Ba-

lane Park Extension, in North Wilmington. Three members voted against the development, on grounds that the proposal did not meet with Planning Board regulations. The fourth member present, Chairman John Ritchie, did not vote.

The vote was taken on the last day of the 45 day period in which a Planning Board may approve or disapprove of a plan, after it had been submitted by the developer.

**"BEHIND THE SCENES
IN AMERICAN BUSINESS"**

By Reynolds Knight

Economists, who are paid to be unhappy when everyone else feels fine, are wrinkling their brows just now over the petroleum refining industry. Certainly the oil companies are booming. Petroleum stocks make new high on the New York Stock Exchange. Demand is 9 per cent above last year's

level. There are 29 million more automobiles on the road than there were at World War II's end.

That last item, good business source though it is, presents the refiners with some large corollary problems. Petroleum, in today's efficient refineries, breaks up into these items: a lot of gasoline, some gases for petrochemical use, a little kerosene, rather more of the heavier but still volatile burning oils for heating, and a sizable fraction which can be further divided into lubricating oils and bunker (lowest-grade) fuel oil.

No matter how efficient the refinery, that burning-oil fraction is still fairly large. So, while automobiles are gaily burning up vast quantities of gasoline, the burning oils are accumulating and going into storage. Nor can demand for them be stimulated this fall, as it once was, just by a little judicious price-cutting. The

cleaner and more convenient gas heating has cut a big permanent chunk out of that market.

So the economists ask themselves: What happens when gasoline demand wanes in the fall, and there's plenty of burning oil in storage? Do the refineries cut back buying crude? Does the fight over imported petroleum, obscured just now by high refinery runs, start all over again? Oil refining is a huge American job-giver, and if there's indigestion in the industry it will affect all of us.

JET CATCHERS—A device first conceived by a U.S. Air Force general during the Korean war has been adapted to safeguard valuable jet planes and keep them out of the neighbors' backyards.

Republic Aviation Corp., Farmingdale, N.Y., has just built three remote-controlled runway crash barriers for \$125,000. They can make safe catches of speeding jet planes and their pilots, in case of takeoff or landing troubles. O. P. Hass, Republic flight director, says an F-84F Thunderstreak fighter-bomber, rolling at 150 miles an hour, can be stopped in half the distance it would need using its own brakes.

The catchers will preserve a safety record already excellent. In ten years company test pilots have made more than 120,000 takeoffs and landings with no property damage or personal injury.

The device, brainchild of Maj. Gen. Samuel R. Brentnall, vice-commander of Far East Air Forces, can be raised across a runway in a split second by an impulse from the airport tower. A web of nylon, canvas and steel cable—with 72,600 pounds of chain for a convincing anchor—pulls the plane to a halt.

Things To Come—A plastic-clad baby bottleholder offers the small one his meal just as a person would hold it. . . . Next frozen food will be chop suey dinner with two egg rolls and rice. . . . An aluminum trellis, which its maker says won't burn the stems of flowers, comes in sections to grow with your garden. . . . When you fill your food freezer

this summer, you can buy a preparation to make slices of fruit look fresh all winter.

Tinless Age Ahead—"A new era of tinless cans" was predicted for U.S. consumers and container-using industries at the opening of American Can Company's Research and Development Center at Barrington, Ill.

William C. Stolk, Canco president, foresaw that the canning industry, subject heretofore to the vagaries of world tin supply, will never again be curtailed by a shortage of the metal. A very high percentage of all metal cans produced in this country ten years from now will be tinless, he forecast. Among products already being packaged in tin-free cans he listed motor oil, anti-freeze, dry foods, detergents, insecticides, waxes and pharmaceuticals.

A major task of Canco's new research laboratories, believed to be the world's largest in the food and container industry, will be to continue developing metal containers made entirely of materials available in North America—which mines no commercial tin. One hundred and forty scientists work in the laboratories on this and other problems, simulating climatic conditions from the Arctic to the tropics.

Coal Comeback—Europe's industrial upsurge is helping put America's long-limping coal industry back on its feet. Coal exports in five months of 1955 were 10 million tons. That equals all 1954 sales abroad. Now

shippers aim at a 25-million-ton total.

Overall, mine operators believe they will have sales of 425 million tons this year with rising demand from utilities and steel mills offsetting the loss of railroad and home-heating demand. For the last few weeks, output figures have matched the tonnages of the winter of 1953, last really busy period for coal miners.

were the highest for any May since 1945. . . . Steel production last week topped 2,350,000 tons of ingots and casting for an all-time record.

**BICYCLE STOLEN
AT SILVER LAKE**

A black "Royal Hunter" bicycle, about two years old, was reported stolen at Silver Lake, on July 14th, by Mrs. Tupper of Pineridge Road, North Wilmington. The bicycle, which bore Malden registration plates, was the property of her son.

"SABRINA FAIR" AT LAKE WHALOM PLAYHOUSE THIS WEEK

Fayne Blackburn portrays the title role in the Broadway stage success "Sabrina Fair", which Guy Palmerton is presenting all

this week at the Lake Whalom Playhouse at Fitchburg.

This exciting comedy thrilled playgoers and film fans. It has been a decided hit wherever it has been presented in summer stock. The Whalom casts boasts of

one of the finest assembled this season, with the company favorites in leading roles. Frank Lyon, Henry Wadsworth and Bill Edwards are three of the principal participants in this delightfully thrilling comedy.

Neil Whiting has designed his best setting to date.

The Whalom Playhouse is the only legitimate Playhouse in this area, with an all professional company of established Broadway players. The season includes truly fine organized stage successes of merit and worthy of the attention of all local playgoers.

Next week Mr. Palmerton will present the renowned celebrity Gloria Vanderbilt in the Pulitzer prize play "Picnic", by William Inge. It is listed as greater than "Streetcar Named Desire" and "Mr. Roberts". The production is intended for Adults only.

Reservations for all performances may be made by phone.

GLASS BROKEN AT MICA PLANT

Vandals, believed to have been children, broke seven panes of glass at the Hayden Mica Plant, on Main Street, sometime during the past weekend.

DAVID BROGDEN ON USS LEYTE

David L. Brogdon, fireman, USN, husband of the former Miss Dorothy E. Murray of 406 Woburn St., Wilmington, is serving aboard the support aircraft carrier USS Leyte which returned here in June from a sixweek cruise to Lisbon, Portugal.

The Leyte spent a week in Lisbon, and many of the crew members made tours of the city and the surrounding territory. Many others visited the Shrine of Fatima.

Enroute to and returning from Lisbon, the ship was engaged in anti-submarine warfare exercises.

LIONS COOK-OUT

King Lion Joe App of the Wilmington club has recently announced plans for a cook-out with a dance to follow. King Lion Joe made the announcement at the last regular meeting of the club. The cook-out will be held Saturday, July 23 at 7 o'clock at the East Wilmington Improvement Association Hall. The cook-out will take place of the regular meeting scheduled for July 20. The ladies, of course, are invited.

The Whalom Playhouse, known for its outstanding stage settings, will again provide playgoers with a beautiful mounting in which the comedy takes place.

ST. DOROTHY NEWS

Sunday Masses:

At St. Mary's 7, 8:30, 10:30 and 11:30.

At Silver Lake 10:30 and 11:30.

Weekday Mass:

At 7:45

Miraculous Medal Novena:

On Mondays at 7:45.

Choir Rehearsal:

Thursday morning at 10.

We will have the Devotion of the Forty Hours here one week from Friday. Donations of flowers will be appreciated.

His Excellency Bishop Minihan will bless the Shrine of Our Lady of Hope, at the Oblate Mission House next Sunday afternoon.

Mrs. Doyle, Mrs. Quinn and Mrs. Cronin of the McLaren Garden Development will conduct a whist party at the South Tewksbury Betterment Hall on Monday the 25th, in the evening. The subscription is fifty cents and they will be grateful for any prizes you might donate.

We are grateful to Mrs. Elliot and Mrs. Cormier, and their committee for the proceeds of the whist party, last week. We wish to thank Mrs. McKay and her committee for the well conducted dance at the Wildwood School on Friday evening.

Banns of Marriage:

I James Stevens and

Marie Basile

II Nathan Sophos and

Theresa Wagner

II Carmen Salviati and

Margaret Moakley.

Remember in your prayers the sick and the infirm, and pray for John and Martin Sheehan, William Tattersall, Johanna and John Delaney, Mary, James and Catherine Peddie, Guy Sheldon, Ann Fowler and Joseph Joyce.

ST. THOMAS NEWS

Sunday Masses:

7, 8:15, 9:30, 10:30 and 11:30.

Weekday Mass:

7:45

Baptism:

The Sacrament of Baptism is administered each Sunday at the Rectory at 2 p.m. No appointment is necessary.

Wednesday evening the CYO baseball team will play St. Charles, at Woburn. Friday they are to play at Burlington.

There is to be a CYO dance at Villanova Hall Friday evening, with Ray Pineau's orchestra.

Next Sunday is Communion Day for the boys and young men of the parish. "I am the Bread of Life" says Christ. "He who eats my flesh and drinks my blood abides in me and I in him."

We are grateful to all who contributed to the rag drive of last Sunday. Our thanks go to Mr. Laughlin, Mr. DeFelice, and Mr. Amaro for the use of their trucks.

Remember in your prayers the sick and ill of the parish, also Michael Nee, who was buried this week, Roseanna Manning, for whom there was a First Anniversary Mass on Monday at 8 a.m. and Christopher and Catherine O'Meara, and our deceased relatives.

EYE TROUBLES AND SILVER LAKE WATERS HAVE NO CONNECTION, DECLARES SANITARIAN

There is absolutely no connection, in any way, between the waters of Silver Lake, and the present rash of eye irritations, in Wilmington, declares Patrick H. Thibau, Sanitarian of the Town of Wilmington. The irritation, which is generally called conjunctivitis, and is generally caused by mechanical means (rubbing, etc.) has been reported in several dozen instances. Thibau declares that in a number of cases the rash was present in people who have not been anywhere near Silver Lake.

Thibau cited one of the town physicians as agreeing to his statement.

FOOD SALE

The Wilmington Post of DAV Auxiliary will hold a food sale this coming Saturday at the Post Headquarters, 60 Grove Ave. Some of the items for sale will be cakes, etc., all home made. The sale will start at 12:00 noon and continue until all is sold. In charge of the event is Commander Duggan.

D.A.V. News

There is to be a regular meeting of the William F. Tattersall Chapter of the D.A.V. tonight, in the hall at 60 Grove Avenue. All members are urged to attend this first meeting. Annual dues are now payable for 1955-56.

National Service Officer James Sayre is present in the DAV Hall on the second Monday of each month, to discuss with any veteran, or dependant, any problems that they may have arising from pension or service rights.

The bid for the residing and roofing of the DAV Hall was awarded to Otto Jacobson, of 56 Andover Street, North Wilmington, for the price of \$230.
